

# Tech Planning Committee Agenda

## 12-1-15

Goal: Identify the elements of a vision for instructional technology in our district.

- ❖ Introduction: 2028 Video - <https://www.youtube.com/watch?v=QpEFjWbXog0>
  
- ❖ Digital citizenship: With the article, “Nine Themes of Digital Citizenship” as a starting point, small group discussions about the following : [http://www.digitalcitizenship.net/Nine\\_Elements.html](http://www.digitalcitizenship.net/Nine_Elements.html)
  - What does digital citizenship mean?
  - Create a definition for digital citizenship in our district.
  
- ❖ Role of technology in supporting instruction: With the article “Technology in Schools: Future Changes in Classrooms” as a starting point small group discussions about the role of technology in supporting classroom instruction considering the following:  
<http://www.bbc.com/news/technology-30814302>
  - As we look into the future 5 years from now...
    - What technology tools will our students and teachers need?
    - What technology experiences will our students need to have?
  
- ❖ Future meeting dates

Potential Future Meeting Dates (let’s pick one date from each list for a total of 3 more meeting dates):

- December 15th, December 17th, December 22nd
- January 5th, January 7th, January 12th, January 14th
- January 21st, January 26th, January 28th
